Welcome to Rushall Care Home.

Our modern, purpose built care home is close to Walsall, and local transport links make it easy for residents to enjoy getting out and about.

Our aim is to help people stay as well as they can for as long as they can.

At Rushall Care Home, residents are considered part of the family. We put their health and happiness at the heart of everything we do, our dedicated team of nurses and carers actively encourage residents to take part in all decisions - contributing to everything from the way their rooms look to the therapies they receive.

Finding a care home for yourself or a relative can be an overwhelming and daunting task, and we understand this. You don't have to go through this process on your own, we are here to help you.

Life at Rushall Care Home.

We are a small family owned care home, providing care for up to 36 nursing residents.

Our dedicated activities coordinator Rhiannon makes sure we have a full and varied events calendar. We often invite professional entertainers to perform and we love hosting themed days and seasonal events where everyone, including friends and families, are encouraged to join in.

There's always something to suit every taste, from quizzes to hand massages and music therapy to hair and beauty sessions. We also arrange special meal nights when we invite relatives and friends to come along.

Don't know what type of care you need? Let us help.

Please contact the care home manager Phil Toomer-Smith here at Rushall Care Home, to chat through the specific options we have available.

Nursing care.

Someone may need nursing care if they have a certain physical condition or difficulties. This might include those with long-term conditions, those who need rehabilitation, or those with physical disabilities.

Here at Rushall we make it very simple for you to make comments and suggestions. We encourage service users, family and other advocates to express their opinions about the quality of care and services we provide. Whether it's positive or negative feedback, we welcome it.

"I am always informed of any changes to my mothers care or condition. Its gives me great peace of mind to know she is well cared for"
